Mix and mingle with other families at our fall Family Movie Night! Children, youth, parents and caregivers are welcome. Light dinner served to all at 6 PM; movies start at 6:30.

Children will enjoy a G-rated movie and snacks, supervised by skilled caregivers. Next door, parents, caregivers and interested older youth will screen the recent documentary *Moment to Moment: Teens Growing Up With FASDs*.

Moment to Moment explores the lives of four adolescents with fetal alcohol spectrum disorders (FASDs) and the effects that prenatal alcohol exposure has had and continues to have on their journeys to finding independence, fulfillment, and understanding the world around them. The film captures the challenges that families must overcome as children with FASDs reach maturity and attempt to strike out on their own as young adults.
