

Family Movie Night

Screening of *RESILIENCE: The Biology of Stress and Science of Hope*

Friday, June 9, 2017 ♦ 6:00-8:30 PM
4031 University Dr., Fairfax VA 22030

Get ready for summer with Family Movie Night! Children, youth, parents and caregivers are welcome. Light dinner served to all at 6 PM; movies start at 6:30.

Children will enjoy a G-rated movie and snacks, supervised by skilled caregivers. Next door, parents, caregivers and interested older youth will screen the recent documentary ***Resilience: The Biology of Stress and the Science of Hope***.

Resilience explores the connection between adverse childhood experiences (ACEs), the stress they can create, and the science of how it affects the body into adulthood. The movie will be followed by a brief panel discussion, with representatives from Fairfax County Public Schools, the Fairfax Falls Church Community Services Board, and the Fairfax County Department of Family Services. Panelists will share efforts in our community to build resilient families and children, and will respond to questions. The event will conclude by 8:30pm.

Register: www.FormedFamiliesForward.org This free event is open to all, although content will address issues of particular relevance to foster, adoptive and kinship families. Call 703-539-2904 for more information. Thanks to Fairfax Co. Community & Neighborhood Services Prevention Unit for access to *Resilience*.
